1. Overview & Authentication

The FranceGo B2B Partner API enables travel management companies, booking affiliates, luxury hotels, and concierge desks to programmatically query route pricing and submit real-time, door-to-door private chauffeur reservations.

> **AUTHENTICATION HEADER**
>
> All Partner endpoints require an authorized API key provided via the `X-API-Key` request header.
>
> `X-API-Key: your_b2b_secret_partner_key_2026`

Standard HTTP Status Codes
